

 Formakote™
NATURA

 **BJBall**

PRODUCT DESCRIPTION

Formakote Natura is a versatile multi layered GC2 paperboard, with one side double coated and the other uncoated manila bleached pulp. Both sides of the board can be effectively printed, with the coated side allowing for more complex graphics. FDA compliant, it is suitable for direct contact with both dry and fatty foods. Formakote Natura is manufactured in New Zealand using pulp sourced from sustainable, well managed and legally harvested plantation forests.

PRODUCT INFORMATION

Key features:

- 100% Virgin pulp 3-ply board structure for yield, strength, and stiffness
- Double-coated top side for complex graphics
- Uncoated manila reverse side
- FDA approved for food contact
- OBA free (optical brighteners)
- Suitable for sheetfed offset and flexo printing

Suitable embellishments:

- Diecutting, embossing, debossing, foiling, varnishes, aqueous coating, spot UV

Suggested uses:

- FMCG – cereal, tea, muesli bars, baking goods, pet food, tissues
- Chilled and frozen foods – ready-to-eat meals
- Fast food – burger clams, trays
- Personal care - cosmetics, pharmaceutical, and healthcare
- Consumer electronics
- Point of sale
