

 Formakote™
SPECTRA

 **BJBall**

PRODUCT DESCRIPTION

Formakote Spectra is a 3 ply CUK coated kraft back folding box board, with one side double coated and the other side uncoated unbleached pulp. Formakote Spectra has exceptional resistance to tearing and puncturing, specifically designed for applications that require high levels of strength or need to withstand the demanding environments of freezers/chillers. FDA compliant for direct contact with dry, greasy and aqueous foods, Formakote Spectra is manufactured in New Zealand using pulp sourced from sustainable, well managed and legally harvested plantation forests.

PRODUCT INFORMATION

Key features:

- 100% Virgin pulp 3-ply board structure for yield, strength, and stiffness
- Double-coated top side for complex graphics
- Uncoated kraft back reverse side
- Tough and durable
- Uncoated kraft back reverse side
- OBA free (optical brighteners)

- Designed to withstand demanding environments of freezers and chillers
- FDA approved for food contact
- Suitable for sheetfed offset and flexo printing

Suitable embellishments:

- Diecutting, embossing, debossing, foiling, varnishes, aqueous coating, spot UV

Suggested uses:

- FMCG – fruit and vegetables, laundry powder, canned food, shelf-ready displays, baked goods
- Chilled and frozen foods – ready-to-eat meals
- Industrial – tools and parts
