

 Formakote™
WHITE

 **BJBall**

PRODUCT DESCRIPTION

Formakote White is a 3 ply GC1 clean white folding box board ideal for supermarket shelves, food service end-users, cosmetics and pharmaceuticals. Both sides of the board can be effectively printed, with the coated side allowing for more complex graphics and an array of post print embellishments. It is FDA approved for safe and direct contact with both dry and fatty foods. Formakote White is manufactured in New Zealand using pulp sourced from sustainable, well managed and legally harvested plantation forests.

PRODUCT INFORMATION

Key features:

- 100% Virgin pulp 3-ply board structure for yield, strength, and stiffness
- Double-coated top side for complex graphics
- Single-coated reverse for graphics
- FDA approved for food contact
- OBA free (optical brighteners)
- Excellent sheet flatness
- Suitable for sheetfed offset and flexo printing

Suitable embellishments:

- Diecutting, embossing, debossing, foiling, varnishes, aqueous coating, spot UV

Suggested uses:

- FMCG – confectionery, dietary supplements
- Fast food – burger clams, trays
